DETAILED ACTION

1. Acknowledgment is made in receipt of the remarks filed June 15, 2005.

Allowable Subject Matter

2. Claims 1-5 are allowed.
3. The following is an examiner's statement of reasons for allowance: the remarks submitted by the applicant have been carefully considered and it is agreed that Oka et al. specifically disclose that passage 37 formed in the master piston provides a constant communication between an atmospheric pressure chamber and chamber 33. Therefore the prior art of record fails to anticipate or render obvious the passage being cut off by a cut off seal member, when the master piston is advanced a predetermined stroke from an initial position or more.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
